AZKS Zeus (Cloie Kennels)

The pedigree chart for AZKS Zeus (Cloie Kennels) consists of a single individual on the left. A vertical line extends from this individual to a large, empty rectangular box, which is intended for detailed information about the dog. To the right of this box, a horizontal line branches into two paths, each leading to a vertical line. These vertical lines then branch into two paths each, resulting in a total of eight vertical lines. Each of these eight vertical lines is connected to a horizontal line, which in turn connects to a vertical line. This structure creates a grid of 12 empty rectangular boxes, arranged in two columns of six, for providing additional data such as breed blend percentages, Embark test results, and ARBA registration numbers.
